- All Airmen take an oath upon entry into the service. Officers take the Oath of Office upon commissioning and renew that oath with each promotion. Enlisted members take the Oath of Enlistment upon entry and again each time they re-enlist.
- The purpose of this document is to equip you with some background information. We challenge you to take this information and educate those taking the oath on just how important the act of swearing to support and defend our Constitution is.
- When taking the oath we must better understand its significance and how it ties into our core values, our Airman's Creed, and our Profession of Arms.
- Take this information and apply it the next time you are asked to perform a re-enlistment or officer promotion, reemphasize their purpose as an American Airman!

History of the Oath

- There are many different Oaths, but all include some form of formal declaration or promise to fulfill a pledge, often calling on God, a higher being, or a sacred object as witness to truth, commitment, sincerity of your statement/promise; with an implication of divine judgment in the event of falsehood or breach of obligation
- Military oaths call on a higher power (So help me God), to perform to the best of our ability (excellence in all we do), a sense of honor (without any mental reservation or purpose of evasion), consequences of failing to live up to one's word (UCMJ)
- Military oaths have been around since the ancient Roman times; many pledged loyalty to a specific general officer for a specific campaign.
- Oaths existed in the US since early colonial days; in the 1600s, the Pilgrims established the Mayflower Compact- which served as an oath, a covenant, and a constitution
- The first law statute of the United States of America, 1 Jun 1789 . Statute 1, Chapter 1: an act to regulate the time and manner of administering certain oaths, which established the oath required by civil and military officials to support the Constitution

- Originally, both officers and enlisted personnel took the same oath, as required by Congress in April 1790
 - In 1862 the officer oath became separated from the enlisted oath, and the word defend was added to verify their loyalty during the Civil War
 - 11 Jul 1868: Oath of Office changed to require "I will support and defend the Constitution of the United States" from "bear true faith and allegiance to the United States of America:
 - 5 Oct 1962: The enlisted oath wording changed to support the Constitution
- Our oath is more than a formality that adds flair to a commissioning or promotion ceremony. It provides the foundation of our military.
